

Output-Procedure Call Diagnostic test - Solutions

Complete the dry run table for each fragment of code given in the questions below. **Give** the value(s) printed to the screen when each is executed.

Follow the module dry run style guide in your answers.

1.

```
System.out.print("I am ");           // L1
System.out.println("the one and only"); // L2
```

Complete the dry run table (you may not need all rows):

LINE	printed
L1	I am
L2	the one and only

Write EXACTLY what is printed here

```
I am the one and only
```

2.

```
System.out.println("Sisters are doin' it"); // L1
System.out.println("for themselves");       // L2
```

Complete the dry run table (you may not need all rows):

LINE	printed
L1	Sisters are doin' it
L2	for themselves

Write EXACTLY what is printed here

```
Sisters are doin' it
for themselves
```

Output-Procedure Call Diagnostic test - Solutions

3.

```
System.out.print("I will survive ");           // L1
System.out.println("by");                       // L2
System.out.println("Gloria Gaynor");            // L3
```

Complete the dry run table (you may not need all rows):

LINE	printed
L1	I will survive
L2	by
L3	Gloria Gaynor

Write EXACTLY what is printed here

```
I will survive by
Gloria Gaynor
```

4.

```
System.out.println("I will survive");           // L1
System.out.print("by");                         // L2
System.out.println("Gloria Gaynor");            // L3
```

Complete the dry run table (you may not need all rows):

LINE	printed
L1	I will survive
L2	by
L3	Gloria Gaynor

Write EXACTLY what is printed here

```
I will survive
byGloria Gaynor
```

Output-Procedure Call Diagnostic test - Solutions

5.

```
public static void songName ()
{
    System.out.println("All you need is love");    // L1
    return;
}
public static void printFamousSong ()
{
    songName();                                   // L2
    System.out.println("was written by");          // L3
    System.out.println("Lennon and McCartney");    // L4
    return;
}
```

with a test call printFamousSong ();

Complete the dry run tables (you may not need all rows):

printfamousSong()	
LINE	printed
L2	All you need is love
L3	was written by
L4	Lennon and McCartney

songName()	
LINE	printed
L1	All you need is Love

Write EXACTLY what is printed here

All you need is love
was written by
Lennon and McCartney

Output-Procedure Call Diagnostic test - Solutions

6.

```
public static void songName ()
{
    System.out.println("All you need is love");    // L1
    return;
}
public static void printFamousSong ()
{
    System.out.println("was written by");          // L2
    songName();                                    // L3
    System.out.println("Lennon and McCartney");    // L4
    return;
}
```

with a test call printFamousSong ();

Complete the dry run tables (you may not need all rows):

printfamousSong()	
LINE	printed
L2	was written by
L3	All you need is love
L4	Lennon and McCartney

songName()	
LINE	printed
L1	All you need is Love

Write EXACTLY what is printed here

```
was written by
All you need is love
Lennon and McCartney
```
